Supporting bladder and bowel health **for everyone**

Healthcare professional symposium

Wednesday 27th September 2023 | Coventry Building Society Arena

Bladder & Bowel UK

Supporting bladder and bowel health **for everyone**

With thanks to our **key sponsor** for this event

Qufora®

WELCOME

We are delighted to welcome you to the Bladder & Bowel UK Midlands Symposium, here at the Coventry Building Society Arena.

We have an exciting programme of **speaker sessions** for you. As always, we are blown away by the range of work being undertaken in the field of bladder and bowel health. We are lucky, and deeply thankful to our speakers, to bring such a high-quality roster of presentations to our audience.

A warm welcome to our **company exhibitors**. The continence exhibition features the latest developments from the field of continence, and bladder and bowel health, and delegates will have the chance to explore throughout the day. These exhibitors make the event possible, and we are very grateful that they are joining us here today.

Our key sponsor for this event is Qufora, and they will be showcasing their story of innovation in the **Qufora lounge and exhibition area**. The **Qufora-hosted panel discussion** at 11.50am in the Arena Suite will bring together panellists Monica Lyons, Jessica Kydd-Coutts and Nicola Tonks with hosts Brigitte Collins and Michelle Henderson. The subject is Taking the Pain Away: Evolutionary Approaches to Comprehensive Support and we can't wait to hear the discussion. Thank you to Qufora for their invaluable support in bringing this educational event to life.

We were impressed by all of this year's entries for the 2023 Bladder & Bowel UK **Product Innovation Award and Clinical Excellence Award**. If you missed out on this year's submission window, take a look at the information on page 3 to see when the 2024 awards round begins. For the most up to date information, and alerts about winners, deadlines and more, make sure you are signed up to the Bladder & Bowel UK professional newsletter through www.bbuk.org.uk.

As we plan our next Spring Symposium on 7th March 2024 in Bolton, we will be taking your feedback into account. Please fill out your **feedback form** and return it to us at the reception desk at the end of the day in exchange for your certificate of attendance.

We hope you find the day interesting and inspiring.

Karen Irwin

Specialist Nurse and Service Manager
